### **CYBERBULLYING AND ONLINE SAFETY**

#### **MTV's A Thin Line**

[athinline.org](http://athinline.org)

Developed to empower teens to identify, respond to, and stop the spread of digital abuse in their lives and among their peers

#### **Secret's Mean Stinks**

[meanstinks.com](http://meanstinks.com)

Secret encourages girls to #gangupforgood with anti-bullying tips, tools, and challenges to help end girl bullying.

#### **National Center for Missing & Exploited Children's Netsmartz Workshop Tip Sheets**

[www.netsmartz.org/tipsheets](http://www.netsmartz.org/tipsheets)

#### **FBI's A Parent's Guide to Internet Safety**

[www.fbi.gov/stats-services/publications/parent-guide](http://www.fbi.gov/stats-services/publications/parent-guide)

#### **FBI Cyber Surf Island Game**

[sos.fbi.gov](http://sos.fbi.gov)

### **PHONE MONITORING**

#### **My Mobile Watchdog (\$44.95)**

[mymobilewatchdog.com](http://mymobilewatchdog.com)

My Mobile Watchdog provides a complete parental control solution so that you can monitor your child's phone use, manage the features remotely, and develop a digitally responsible child.

#### **Mobicip Safe Browser with Parental Control (Free for basic, \$39.99/year offers app monitoring)**

Safe Browser is the most popular parental control app for the iPhone, iPod touch & iPad. The optional web-based dashboard allows you to monitor browsing history remotely and setup a custom internet filter across tablets, smartphones and computers.

Also check with your wireless provider.

#### **MamaBear App (iTunes and Android, Free)**

[mamabearapp.com](http://mamabearapp.com)

All-in-one family safety app that monitors location, social media and safe-speed driving

How to quickly access browsing history in Safari for iPhone or iPad

## POPULAR SITES/APPS

**Instagram:** a photo-sharing, video-sharing and social networking service that enables users to take pictures and videos, apply digital filters to them, and have conversations around them.

**Kik Messenger:** free texting app (On Education.com's list of 8 worst apps for your kids:  
<http://www.education.com/magazine/article/worst-apps-kids/>)

**Snapchat:** allows users to send a photo/video to friends that will "self-destruct" in 1-10 seconds.  
Snapchat guide for parents: [http://www.snapchat.com/static\\_files/parents.pdf](http://www.snapchat.com/static_files/parents.pdf)

**Vine:** 6 seconds of looping video that can be viewed from Vine or shared to Facebook/Twitter

**Ask.fm:** an anonymous question and answer platform website. It allows anyone to post anonymous comments and questions to a person's profile and is increasingly being used as a means to communicate abusive, bullying and sexualized content.

**Yik Yak:** Users can send comments anonymously. Those who see the comments don't have to have an account; they only have to be logged on. The app uses location services to bring comments to a user's feed from other users nearby.

**Whisper.wh:** Users share anonymous thoughts/secrets layered over an image.

**Secret - Speak Freely** (Secret.ly): Secrets are delivered anonymously to contacts who are on Secret. When friends "love" your secret, it will be shared with their friends.

**Poof** is an app that hides other apps on your phone.

You can adjust App Rating restrictions (at least for iPod, iPad and iPhone users) to prevent the download of adult-oriented apps.
